

PENTALIFT EQUIPMENT CORPORATION

Engineered For Safety !

Application Designed: Pentalift HD6830 Hydraulic Dock Levelers and PS100 Dock Seals are utilized at a Retail Warehousing Facility.

An major retailer selected Pentalift as the supplier to supply and install 90 HD6830 hydraulic dock levelers and 90 Pentalift PS100 fixed head pad dock seals. Based upon a review of the 30,000 lb hydraulic dock levelers it was determined that the Pentalift structural design would provide the greatest longevity therefore the lowest overall operating costs. The Pentalift PS100 dock seals were properly sized to assure there was no over compression. In addition to the protective wear pleats on the face of the dock seal these dock seals also included fire retardant foam.
